Mrs. Clarabell Presley  
1505 N. Hawthorne Lane  
Indianapolis, Ind. 46219

Dear Clarabell:

I was delighted to get your letter of October 27th and to celebrate with you our 20th anniversary. You have lived a fulfilling life and your lovely family must continue to be a joy to you.

Clarabell, when next you come to Colorado, be sure and advise me as much in advance as you can so that I can make plans to have a visit with you. I would like to take you out to lunch and really have a chance to chat.

I don't know if I ever mentioned it to you, but during your operation we took some photographs which I later used when giving talks about open heart surgery. Recently, my associate, Dr. Paton, came across a copy of this photograph and if you would ever like to have it, I'd be pleased to send it or give it to you when you come. Not very many people have a picture of the inside of their own heart.

With warm regards and best wishes.

Very sincerely,

Henry Swan, M. D.
